Subject: PACS system contract and medical monitors details

## REQUEST

This is Ben from Jusha. Our company offers a wide range of comprehensive products for medical monitor in radiology, mammography, surgery and operation room (OA) modalities.

We are doing a market research and very appreciate if you could provide information for the following questions from your Radiology/X-ray/Image department:

1. Which company is the current PACS system provider for the trust?
2. When will the current PACS contract end?
3. Roughly how many reporting workstations the X-Ray department currently have?
4. When the current medical monitors are due to refresh?
5. The contact details of the PACS manager.

## RESPONSE

1. Which company is the current PACS system provider for the trust?
