- Are you the main provider of adult community services in your area?

RESPONSE

- Do you employ district nurses?

The Trust does not directly employ district nurses.

- If yes, please could you send me the number of full time equivalent district nurses employed by your trust in each of the following years: 2014, 2015, 2016, 2017, 2018.

N/A

- Are you the main provider of adult community services in your area?

The Trust does hold the contract to provide adult community nursing services to St Helens CCG, but sub-contracts the provision of the District Nursing and Community Matron elements of this service to its partner North West Boroughs Healthcare NHSFT who then employ the District Nursing staff. This arrangement started on 1st April 2017, when the new contract commenced. To avoid double counting the numbers of District Nurses it is suggested that the request is made directly to North West Boroughs Healthcare NHSFT.
