Subject: Assault attendance at Emergency Department 2015

REQUEST

I write to you on behalf of the Violence Research Group of Cardiff University. We are conducting an annual national study of attendances to Emergency Departments (EDs) for assault-related injury and would be grateful if your department could provide us with attendance data for 2015. This data will be used, as in previous years, to analyse trends in violence in England and Wales from injury perspective. You can read more about the group and how your data has been used by following this link. <http://www.cardiff.ac.uk/qap/>

Altogether, we are retrieving attendance data from over 70 EDs in England and Wales. The data we require are as follows (for period 1st January 2015 and 31st December 2015)

ED attendance date	Age or date of birth	Gender
Reason for ED attendance		
2/2/15	35 years	Male
Assault		
etc.		

We also require the total ED attendances for 2015.

RESPONSE

Main data see attached.

AED Attendances 01-01-2015 to 31-12-2015 were 102228.
