

Ref no: 147070717
From: Commercial
Date: 07/07/17
Subject: Contract with SystemC

REQUEST & RESPONSE

1. The specific procurement route used by the Trust to select the solution and place the contract, e.g. OJEU, Framework etc.

QE Procurement framework

2. The timetable for the key stages of the procurement, from initial notice, deadline for tender response, site visits, supplier selection decision, through to standstill period then contract award.

QE documentation and OBS issued 10th April 2017

Closing date for response 21st April 2017

Deadline for response to further clarification questions 5th May 2017

Contract conclusion 17th May 2017

3. Whether a 3rd party organisation/individual was employed by the Trust to assist the running of the procurement, and if so the name of that organisation/individual.

QE Procurement

4. The solution suppliers that were invited to participate in the procurement.

None, this was a direct award to System C

5. Which of the suppliers involved reference site visits for the Trust; which sites were visited; the position/job title of those from the Trust involved in those site visits.

N/A during the procurement exercise

6. The selection criteria that were applied to the suppliers' tender responses (note that this IS NOT a request for the scoring against those criteria).

The solution was evaluated during our pre-procurement market engagement and selected based on fitness for purpose and delivery within required timescales due to our incumbent supplier issuing notice of termination.

7. The formal duration of the contract signed with SystemC; also any provision within that contract for extension of duration.

10 years
