From: (WARRINGTON AND HALTON HOSPITALS NHS  
Date: 29/07/19  
Subject: Standard operation policy and remit of minor injuries

## REQUEST & RESPONSE

I'm currently looking at service change in minor injuries unit of the accident and emergency department in my trust and looking at the scope of practice of the Emergency Nurse Practitioners (ENP). As this will enable me to create an updated SOP for my department.

What I am requesting is below:

- 1) what remit of injuries do the ENP see

**See attached.**

- 2) is there any exclusions (ie head injuries on warfarin or back pain)

**Conditions other than those specified fall outside the remit of minors.**

- 3) copy of the departmental Standard of Operations Policy for minor injuries

**The Trust does not have a Standard of Operations Policy for minor injuries.**
