REQUEST & RESPONSE

I have noticed that a few of your trust's clinical systems are expiring in June. Please see below.

System: Observations - vital signs
Supplier:
Patientrack

Expiration: 2016-06-01

May I ask if the systems above have a new contract expiration date and are they annually renewed? **The expiration was 2019-06-01 (1st June 2019). What is the new expiration date?**

31st October 2019

Please let me know if they are still in use and if not, what supplier systems have replaced them.

Partly still in use, 70% currently replaced by System C's Careflow Vitals – remainder by October 2019.
