From: Commercial
Date: 29/03/16
Subject: MRI Scan and product treatments

REQUEST

In accordance to the right of information under the Freedom of Information Act 2000 I am writing to request the following information.

Number of patients with an annual review in the last 12 months and number of patients with an MRI in the last 12 months being treated with the following products:

- Tysabri
- Gilenya
- Interferon beta 1a
- Interferon beta 1b
- Copaxone
- Lemtrada
- Tecfidera
- Aubagio
- Plegridy

I would also like to request the following information on patient numbers:

- Number of new MS diagnoses
- Number of patients who have had a relapse in the above month
- Number of relapse events in the above month

I would like this information for the period March 2015 to February 2016, broken down by month and provided to me electronically in the spread sheet provided

RESPONSE

Unfortunately we are unable to provide the information regarding the patients who have had MRIs and are on the medications listed.

Patient medications are not recorded on MRI requests, so there is no possibility of identifying these patients.

In addition we do not have access to any information regarding MS.
