Subject: Total cost of maintaining the hydrotherapy pools in your NHS trust

REQUEST

- What was the total cost of maintaining the hydrotherapy pools in your NHS trust between October 2016 and October 2017 and how many pools do you have? [Can you specify which hospitals these are at?]
- If possible, can I also have a breakdown of the maintenance cost per pool during the same time period?
- If this total cost include staff costs could you give the total amount relating to staff costs separately for this period?
- How much revenue did you raise between October 2016 and October 2017 from charging people to use the hydrotherapy pools in the hospitals within your NHS trust?
- Have any hydrotherapy pools been closed down in your NHS trust in the time period October 2014- October 2017? If yes, which hospitals had their hydrotherapy pools closed down?
- What were the reasons for the hydrotherapy pool closures at hospitals within your NHS trust?

RESPONSE

We do not have hydrotherapy pools at the Trust
