REQUEST

In light of a possible new appeal to build a midwifery led unit here at Hereford County Hospital, I am trying to ascertain some facts to determine how successful a fundraising campaign would be.

Are you about to tell me

- Do you have an MLU (can you state where it is situated in relation to your maternity dept. please)
- Should you have an MLU; have you seen an increase in births since the MLU's introduction and has your C Section rate dropped.

RESPONSE

- No
- N/A
