Subject: Public cloud vendors and future cloud usage

REQUEST

I am writing to request the following information with regards to your ICT and/or Informatics application infrastructure.

1. Are you currently using any cloud services from a public cloud vendor such as Amazon, Microsoft etc?
2. What services are you using?
3. Who is responsible for maintaining these relationships?
4. If not, have you plans to begin using any such services in the next 3 years?
5. Would you consider utilising Infrastructure as a Service(IaaS) in the future as a means to reduce costs and simplify IT?
6. If not, why not?
7. Who is responsible for setting your annual ICT/Informatics budget/s?
