3. How many confirmed deaths have there been as a result of carbon monoxide poisoning between 1st July 2014-30th June 2015?

We are unable to provide the information you require as to release this data could lead to the identification of the person(s) involved due to the low numbers involved, and would breach the Trust's obligations under the Data Protection Act 1998. Accordingly, this aspect of your request is exempt from disclosure under the terms of Section 40(2) of the Act.

The Trust cannot state if carbon monoxide was the cause of death, this would require a clinical audit which would exceed the appropriate cost limit.
