Subject: Demolition Projects

## REQUEST

For the last 5 demolition projects undertaken by the Trust please list the following for each project:

- name of project
  - year of project
  - firms invited to tender
  - winning tenderer (name of company and value of tender)
2. Does the Trust operate a Select / Approved List of Contractors for demolition works?
  3. If so, who is the officer who deals with the list? Please supply name, phone number and email address.
  4. Please list all firms that are on the Select List for demolition works.
  5. If there is no Select List please describe the procurement process.

## RESPONSE

In 2006 the Trust entered into a PFI (Private Finance Initiative Contract) to redevelop both Whiston and St. Helens Hospitals. During this period extensive demolitions were undertaken by the PFI contractor using their supply chain approved subcontractors.

Following completion of the PFI hospital redevelopment in 2012, a further demolition contract was undertaken at St. Helens Hospital.

The project was the demolition of the Eccleston Centre which was completed in January 2014.

As part of the PFI service provision, Vinci Facilities are contracted to carry out all construction and hard FM services which include demolition contracts.
