

Ref no: 027200114
From: Cardiff University
Date: 20/01/14
Subject: A&E assault related injury's

REQUEST

I write again this year on behalf of the Violence and Society research group of Cardiff University. We are again conducting an annual national study of attendances to A&E for assault related injury and would be grateful if your accident and emergency department(s) could provide us with their data.

This study, now in its fourteenth year, has been developed in consultation with the Information Centre for Health and Social Care who consider the data collection to be useful and reasonable. The Reference number for use with ongoing data collection is ROCR-Lite/OR/0196. (See below for more information on ROCR)

We are looking for the following data (in spreadsheet format) for all ASSAULT-RELATED attendances at A&E departments between 1 Jan 2013 - 31 Dec 2013 (inclusive):

Date of A&E attendance,
Age (or date of birth),
Gender,
AND The yearly count for all A&E attendances.
