REQUEST

I am writing under the Freedom of Information to request details of your bereavement midwives.

More specifically:

1a) Do you have a specifically designated bereavement midwife/midwives?

1b) If so, how many do you have and how much time (for example, but not limited to, number of days, or number of hours per week) is allocated to this function for these members of staff?

1c) If so, what is the current waiting time for a parent to see a bereavement midwife?

2a) How many bereavement midwives did you have in January 2013?

2b) If you did have midwives who undertook this role at that time, how much time (for example, but not limited to, number of days, or number of hours per week) is allocated to this function for these members of staff?

3a) How many bereavement midwives did you have in January 2009?

3b) If you did have midwives who undertook this role at that time, how much time (for example, but not limited to, number of days, or number of hours per week) is allocated to this function for these members of staff?
