## REQUEST

For a) the calendar year 2013, and b) the calendar year 2014 so far,

- a) The total number of visits to each A&E in your trust area, broken down by hospital (i.e. "HOSPITAL A: xxx visits, HOSPITAL B: yyy visits")
- b) For each hospital and for each of the years, a list of the 10 people who have made the MOST visits in that year. I would like the following information about those people: whether they were male or female, their age at the time of their last visit. I do not want to know their name.

I would prefer the information as a machine readable spreadsheet, such as an xls or ods file.
