Subject: Pornography

REQUEST

For each of the last two years for which data is available (ie broken down into an annual basis), please tell me how much St Helens and Knowsley Hospitals NHS Trust has spent on pornography. Please also supply me with a list of companies from which pornography has been procured, and levels of spending with each company. If possible, please break down this spending between printed material and video material. If possible, please also provide me with the names of any magazines or videos/DVDs that have been purchased.

RESPONSE

The Trust does not purchase any pornographic materials.
