Subject: Hidradenitis Suppurativa

REQUEST & RESPONSE

am currently conducting research into the number and distribution of people with Hidradenitis Suppurativa (HS) in hospitals in the UK. With this in mind I was wondering if you were able to email me the following figures for your Trust:

Q1. How many people with Hidradenitis Suppurativa (HS) are under the care of your Trust in total?	patients
--	----------

The Trust does not hold this information

Q2a. How many individual patients did you see in the out-patients setting in your Trust for Hidradenitis Suppurativa (HS) in the last 12 months? <i>(NB: Please count each individual patient only once, even if they had multiple appointments)</i>	Total patients seen in out-patient
--	------------------------------------

The Trust does not hold this information.

Q2b. How many out-patients appointments did you have in total in your Trust for Hidradenitis Suppurativa (HS) in the last 12 months?	Total out-patient appointments
--	--------------------------------

Of these, how many were for:

Dermatology	out-patient appointments
Plastics / general surgery	out-patient appointments
Gynaecology	out-patient appointments
Other department	out-patient appointments

The Trust does not hold this information.

Q3a. How many individual patients were admitted	Total patients
---	----------------

to hospital as in-patients in your Trust for Hidradenitis Suppurativa (HS) in the last 12 months? <i>(NB: Please count each individual patient only once, even if they had multiple admissions)</i>	admitted 69
--	--------------------

Q3b. How many admissions did you have in total in your Trust for Hidradenitis Suppurativa (HS) in the last 12 months?	Total admissions 80
---	----------------------------

Of these, how many were for:

Dermatology	0 admissions
Plastics / general surgery	78 admissions
Gynaecology	1 admissions
Other department	1 admissions

Q4. Where do referrals to your Trust come from for Hidradenitis Suppurativa (HS)? <i>(Please tick all that apply)</i>	
Local area <i>(please specify)</i>	
Your region <i>(please specify)</i>	
Anywhere in England / Scotland / Wales / NI <i>(Please delete as appropriate)</i>	
Whole of the UK	

The Trust does not hold this information.

Q5a. How many doctors in your Trust treat Hidradenitis Suppurativa (HS)?	Total doctors
---	---------------

Of these, how many are:

Dermatologists	7
----------------	---

Surgeons	10
Gynaecologists	
Other speciality (please specify)	

Q5b. Please could you provide names of any doctors treating HS if possible.
(Please indicate if you have any doctors who have a **particular interest** in treating Hidradenitis Suppurativa (HS) patients by **highlighting them in bold**)

Abba Alkali, Elaine Hindle, Judith Ellison, Sian Hickey, Kok Ngan, Maeve Walsh, Katherine MacBeth

Mr M Scott

Mr D Maitra

Mr A Samad

Mr M Chadwick

Mr R Rajaganeshan

Mr A Ray

Mr A Kaul

Miss L Chagla

Mr A Ray

Mr P Edwards

Q6. Are Hidradenitis Suppurativa (HS) patients typically discussed at a Multi-Disciplinary Team (MDT) meeting?

No
