Subject: Offenders in Maternity / Paediatric Wards

REQUEST

How many Section 1 offenders is the Trust aware have visited Maternity Wards within your control in the following years:

2014
2013
2012

How many Section 1 offenders is the Trust aware have visited Paediatric Wards within your control in the following years:

2014
2013
2012

What procedures do you have in place to monitor these visits?

RESPONSE

The above departments have had no visits from schedule / section 1 offenders in the last 3 years.

The process is that the Trust is notified by children's social care, we then contact the police to assess risk on their advice and put an appropriate plan in place according to severity of risk, eg have to visit with another family member at all times.

The safeguarding children's team are notified and keep a record
