

Ref no: 196080817
From: Commercial
Date: 08/08/17
Subject: Fire Risk Assessment

REQUEST

I would be grateful if you could send me the most recent fire risk assessment for your trust.

RESPONSE

The Fire Risk Assessment is held by the Trust.

The information requested is exempt from disclosure under section 38 (1) (b)

Which states the request can be denied if it is considered that the disclosure of such information could possibly endanger the lives of people occupying the premises due to details of outstanding maintenance which may prejudice the Trust ability to prevent and react to fire, including incentivising arson attacks if vulnerabilities are identified.

There are presently no outstanding structural fire related issues within the Trust.
