Subject: Hepatitis C patients

REQUEST & RESPONSE

Please could you send the answers to the below request?

In the last two months, how many Hepatitis C patients have been treated with:

A: Vosevi (also known as sofosbuvir + velpatasvir + voxilprevir) = 0

B: Maviret (also known as glecaprevir + pibrentasvir) = 12

C: Viekirax (also known as ombitasvir + paritaprevir + ritonavir) = 0

D: Viekirax/Exviera (also known as ombitasvir + paritaprevir + ritonavir + dasabuvir) = 3

E: Epclusa (also known as sofosbuvir + velpatasvir) = 0

F: Zepatier (also known as elbasvir + grazoprevir) = *

*We are unable to provide the information you require as to release this data could lead to the identification of the person(s) involved due to the low numbers involved, and would breach the Trusts obligations under the Data Protection Act 1998. Accordingly, this aspect of your request is exempt from disclosure under the terms of Section 40(2) of the Act.
