## REQUEST

In April 2014 the new procurement efficiency program was announced by the then Parliamentary Under Secretary of State for Health, Dr Dan Poulter.

Among other things, a key action was required of NHS providers, namely to 'develop and commence implementation of a board-approved GS1 and PEPOL adoption plan.' This activity was targeted for 2014/15.

Please could you provide a copy of the board-approved adoption plan together with any up to date comment on progress made since publication.
