Subject: Opel alerts

REQUEST

The trust collects daily data on “Opel alerts” (as defined by the Operational Pressures Escalation Levels Framework) during the winter period – defined here as November 20th to March 4th as per the NHS situation reports.

Could you please supply me with

- (1) the date of each occasion the trust reached Opel level 3
- (2) the date of each occasion the trust reached Opel level 4

Ideally I would like this information in the form of an excel spreadsheet.

RESPONSE

See attached.
