Subject: Disclosure of Medical Records

REQUEST

We write with reference to the above named client, for whom your Trust provided the disclosure of Medical Records during May 2016

This matter remains on going and it would greatly assist with our enquiries if you could confirm what the routine waiting time was for 'soon' referrals by GP's to the breast clinic during 2015. Particularly in February and March 2015.

RESPONSE

The average waiting time for a new appointment for 'soon' referrals by GP's to the breast clinic in February/March 2015 was 10 days.
