Subject: Paediatric Allergy Services Survey

REQUEST

We are undertaking a national survey of the provision of allergy services for children in the UK in every hospital where children are seen.

As a **Freedom of Information Request** we would therefore be very grateful if you could provide the information on the attached sheet regarding provision of services for paediatric allergy in your organisation.

We are undertaking this UK Paediatric Allergy Services Survey in two stages. If your institution provides such services we will send a follow up Freedom of Information Request for further details. We would kindly ask for the contact details of the person who you deem to be most appropriate to answer the follow up questionnaire as this will allow us to send the subsequent questionnaire to them direct to be completed on line.

Thank you for helping with this important work establishing the state of Allergy Services provision in the UK.

1. Is your institution involved with providing services for paediatric allergy?

Yes

No

2. With regards to paediatric allergy referrals (tick one or more as appropriate):

- My hospital doesn't accept paediatric allergy referrals
- Allergy referrals are seen in a general paediatric clinic
- Allergy referrals are seen in a paediatric allergy clinic
- Children with allergies are seen in Primary care allergy clinics
- Children with allergies are seen in adult allergy clinics
- Other (please specify)

If Other: _____

If you have answered Yes to Question 1 we will be sending by email a follow up Freedom of Information Request for further information about your paediatric allergy services, as a questionnaire to be completed on line.

Please could you therefore kindly provide the contact details, with their consent, of the person whom you think it would be most appropriate to provide information about the services you provide for paediatric allergy:

Please complete this section in BLOCK CAPITALS

Name: _____

Email address: _____

Direct postal address: _____

Please can you send this information back in the self-addressed FREEPOST envelope provided.

Thank you for providing this information.

RESPONSE

Please see the attached.
