## REQUEST & RESPONSE

Date Range: August 2016 - August 2017

How many endpoints in the Trust are using Windows XP as an operating system and how many have been or are in the process of being upgraded to a more secure and up-to-date operating system.

**20 devices during the identified time period – 5 remain at this time and are currently hardened or not connected to the Trust network. All 5 are currently planned for migration before 1.1.2018**

If possible could you provide the names of the operating system/s that have been used to upgrade the endpoints?”

**Windows 7 & Windows 10**
