Date: 26/01/17  
Subject: Private treatment services

## REQUEST

- \* Does your trust provide private treatment services, self-funded services, or any other service financed in full or part by the patient? If so, which services are offered on this basis and at which hospitals?
- \* Please provide the cost (charge) for each of the services;
- \* How many patients received private treatment services, self-funded services or any other service financed in full or in part by the patient in 2014/15 and, separately, in 2015/16? If within the cost limit please disclose how many patients received each service in 2015/16;
- \* Please provide the total income from the services in 2014/15 and, separately, in 2015/16.

## RESPONSE

- 1) The Trust has provided a range of private treatment procedures and operations from 2014 – 2016 within the following specialties and includes;
  - Plastics – cosmetic, minor skin procedures and Mohs surgery
  - General – including hernia repair, bowel surgery and gallbladder surgery
  - Urology – including kidney surgery, circumcision, bladder surgery and prostate surgery
  - Ophthalmology – including pars planar repair and macular degeneration injection
  - Orthopaedics – including joint replacement surgery, arthroscopy and meniscectomy
  - Cardiology – including adult cardiac catheterization, pacemaker insertion and a range of diagnostic tests
  - ENT – a range of ear, nose and throat surgery offered
  - Laser – cosmetic and medical laser procedures including hair removal, vein treatments
  - Radiology – including plain film. CT, MRI and nuclear medicine
- 2) The charge for each service is patient specific so we cannot provide a charge per service
- 3) 2014-15 – 412 patients  
2015-16 – 532 patients
- 4) 2014-15 – £308,952  
2015-16 - £375,009
