Subject: Stress-related absences among doctors

REQUEST

I am writing to request information regarding stress-related absences among doctors, under the Freedom of Information Act 2000.

As part of my request I require the figure for total number of absences among doctors at the trust, with these figures broken down by reasons for absence. Absences should not include annual leave, secondments or other planned absences.

I would like the information for 2017, 2016, 2015 and 2014. Please feel free to break this down by financial years e.g. 2014-15, 2015-16 and 2016-17, if that fits with records more comfortably.

Please ensure clarity is provided on the reasons for the absence, including the number of doctors absent from work due to stress, anxiety or depression is included.

I would like this information to be returned to me in electronic form to this email address.

If my request is denied in whole or in part, I ask that you justify all deletions by reference to the specific exemptions of the act.
