

Ref. No: 024130422
From: Public
Date: 13/04/22
Subject: Hospital Macerators

REQUEST

1. Who is your current provider of hospital Macerators?
2. Do you have a service contract for macerators and if so when does this contract end?

RESPONSE

1. Who is your current provider of hospital Macerators?

At St Helens and Knowsley Teaching Hospitals NHS Trust the Estates and Facilities Management Services are provided under the Trusts PFI (Private Finance Initiative) contact with NewHospitals, which also provides the hospital buildings and infrastructure. This includes the hospital macerators.

2. Do you have a service contract for macerators and if so when does this contract end?

The macerators are maintained by our partners Vinci FM with the monthly/annual maintenance carried out by their in-house technician team. The Trust does not hold the contract.
