Subject: Charges for overseas visitors

REQUEST

Please can you provide the following information regarding charging non-UK citizens for abortion services, as per The National Health Service (Charges to Overseas Visitors) (Amendment) Regulations 2017.

Please note there are three parts to my request.

1. Between 23 October 2017 and 31 May 2022, how many overseas visitors have been charged for accessing abortion healthcare at your Trust?
2. Between 23 October 2017 and 31 May 2022, what is the total sum raised by your Trust from payments from overseas visitors accessing abortion healthcare?
3. Between 23 October 2017 and 31 May 2022, how many non-EEA citizens who do not have indefinite leave to remain have been charged for accessing abortion healthcare at your Trust?

If answering all three questions takes my request over the cost limit, please can you respond to Questions 1 and 2 only.
